State AFL-CIO Protests GOP Tax Boosts

Hon. Nelson A. Rockefeller
Albany, N. Y.

We were shocked on learning that the Legislature yesterday without disclosure of need, public hearing or consideration of effect, passed a \$65 million tax bill. Our amazement is even greater now when we find that you, with equal undue haste, signed the bill. This is not democratic government and we strongly protest your action and that of the Legislature. This tax is not on a luxury. Its cost will be reflected in the price of every loaf of bread, bottle of milk, our transportation costs and other essentials of daily life. We request that you set a hearing before you, to afford the public the opportunity to voice its views on this and all other proposed tax bills in your program. They are definitely directed at the working men and women of the state and others least able to bear any greater burdens.

The Election Results And Our Present Negotiations

By PRESIDENT SAM KOVENETSKY

This article is being written with a full awareness of, and a deep appreciation for, the vote of confidence just given us. I am also well aware that implicit in your continued support of your officers is the directive that we continue to provide fighting leadership in the negotiations which began on January 20th and in our daily defense of gains already won.

In the course of any election campaign it is inevitable that certain divisions are created among the people. Members may support one candidate as opposed to another for a wide variety of reasons. But even with those differences, we all still have far more in common than separates us—and we must now develop that community of interest so that it serves us to the best advantage as we press ahead in our fight for a wage increase, for a reduction in

hours and for the other contract changes approved at the membership meeting on January 6th.

In the platform of the Administration slate we spoke of the many gains we have made together and the gains we intend to make at our present negotiations with your help and full cooperation.

You have rendered your verdict by re-electing in a democratic way the entire administration slate by an overwhelming majority.

Since only Macy's would benefit from any continued division in our ranks we must see the need for unity in terms of our strength and social economic progress.

It is in the interests of that strength and unity that I call on all our members to stand shoulder to shoulder. Let us show our absolute respect for the workings of democracy. Let us demonstrate to the world—but especially to Ma-

cy's that we are united; that there are no factions or groups for them to use to weaken us!

Negotiations Outlook

I do not think it would be an error for us to anticipate a hard time in our coming fight for substantial contract improvements. Bargaining with Macy's has never been easy, and has always demanded maximum strength.

But I can honestly say that at no time in close to twenty years of negotiating with Macy's have you given me two more capable aides than you did when you re-elected Vice President Phil Hoffstein and re-elected Bill Atkinson as your Second Vice President.

I am confident that as we move into battle you will discover for yourself (if you haven't already) the qualities of leadership that distinguish these two men.

(Continued on page 2)

The entire Administration slate headed by President Sam Kovenetsky was swept to victory by an overwhelming majority on the crest of the greatest flood of voters ever to participate in a Local 1-S election.

In the first day of election 75% of the entire voting membership turned out from Herald Square, Parkchester, White Plains, and Flatbush. The second day Herald Square and Jamaica completed the voting.

In all the areas of our union the Administration slate led its opposition by terrific pluralities never before shown in any Local 1-S elections.

Re-elected and newly elected officers of Local 1-S were installed in a simple ceremony on Friday, Feb. 6th at 7:00 P.M. at the Union Office, 190-7th Ave.

The Administration slate campaigned vigorously on its record of economic and social-benefit gains during the 20 years of President Kovenetsky's leadership, during which he had the active cooperation of both Vice-Presidents, Phil Hoffstein and Bill Atkinson. Another key to its successful campaign was the Administration's pledge to continue with the same vigor as in the past, its fight for further social and economic improvements.

At no time during the course of the long active campaign did the opposition present any sharp differences with the program and policies of the Union's administration.

The entire opposition slate ran primarily on a program established by the Administration slate at the membership meeting of January 6th.

The membership of Local 1-S showed that they wanted an experienced team that has know-how and are progressive in helping at all times obtain the needs of the members.

FINAL TALLY FOR THE GREATER N. Y. FUND

Contributions to the 1958 Local 1-S, Macy's campaign for the Greater New York Fund, totalled \$35,610.93. This was an increase of more than \$2,100 over the 1957 campaign results.

Thank you!

LOCAL 1-S NEGOTIATING COMMITTEE

Election Results

(Continued from page 1)

I am certain that you will see it in the vigor with which they work for the fullest possible mobilization of all members. You will see it in many ways and I am certain that you will share our joy in the strength of our Union—because that strength does not serve just a privileged few, but serves every member.

In my State of the Union report at the membership meeting on January 6th I called attention to the growth and development of Local 1-S. In the same report I pointed to the tasks immediately before us.

The officers you have re-elected played a major part in helping to achieve what we now have. In their present positions they will continue to work for the realization of the program embodied in my report and for the best interests of all members of our organization.

I know, based on my twenty-one years of leadership in Local 1-S, that the vigorous election campaign we have all just been through will leave no scars on the body of our Union. Almost without exception the main issue in your mind was "How can we get the most for our members?" That is the very same question which, as always, has been uppermost in all of our minds. Again, and as always, the answer is unity!

It is with pride in our great organization that I have faced the company and submitted our demands.

It is with confidence in our great strength that we will press the fight for the realization of the things you have earned—want—and need!"

VICE PRESIDENTS MAKE STATEMENTS

In a statement following the final tallying of the votes cast, 1st Vice-President Phil Hoffstein said:

"The membership has given a clear and unmistakable mandate as to the kind of leadership they want and expect to get.

"There is no doubt in my mind that the solid support which the membership has given to a fighting program will mean gains on more fronts than at any time in our long and successful history."

Said Vice-President Bill Atkinson:

"It is with deep sincerity that I thank the membership for the confidence they have placed in me. As part of a team that is dedicated to the service of the membership I look forward with pleasure to making my fullest contribution.

"The members and leaders of our Union have always worked together and I know that we will continue to do so. There is much that must be done. With the blessings and support of the membership—it will be done!"

Union Experts Offer Free Help With Income Tax

Taking full and proper advantage of all possible tax savings can mean having "found money" for other essentials.

In keeping with its consistent policy of rendering every possible assistance to its members, Local 1-S again offers free-of-charge aid in the preparation of Federal Income Tax returns.

The Union's accountant, Mr. Lew Goltz and his associate, Mr. Elias Furst, will be at the Union office on Wednesday, February 25th, Wednesday, March 4th and Wednesday, March 11th.

Members who plan to take advantage of this service should be sure to bring with their statement of taxes withheld for 1958.

Mr. Goltz urged that all members claiming deductions for medical expenses assemble their facts and figures before coming to the Union office. This advance preparation cuts in half the amount of time needed to complete a tax report and assures better service for all.

Another assurance of fair and fast service is the number system in use at the Union office. When you come in for tax aid you will be given a number and you will be called in turn.

Don't wait until the last day! If you are going to use the Union's experts, use them early!

Department Store Sales Climbing

Department store sales in the nation for the week ended Jan. 24 were 5 per cent above those of the 1957 week, the Federal Reserve Board has reported.

Of the twelve districts, three had declines. Cleveland was off 6 and St. Louis and Chicago were off 1 per cent each.

San Francisco had the best gains, up 16 per cent over the period a year ago. Dallas had a 13 per cent rise and Richmond was up 12.

In the four weeks ended Jan. 24 volume was 4 per cent above the 1958 level. For the year 1958 sales were 1 per cent above 1957's.

Retailers in the New York area have estimated sales for last week at 1 to 3 per cent above those of the period a year ago.

The brightest spot for major retailers was a fairly strong finish in white sales promotions. Clear, cold weather last week was good for shopping and selling was brisk. The week compared with a good selling period in 1958.

Semi-annual furniture promotions achieved results described as even or slightly below the volume registered at the same point in the sales last year.

EXEC. BOARD MEETING NOTES

The meeting was called to order by 1st Vice-President Phil Hoffstein. Two temporary replacements on the Board were then introduced: Mollie Attardi — 4th floor and Eva Hagwood — 12th floor.

Minutes of last meeting were read.

Correspondence was read. Committee Reports included the European Trip and installation of officers for Local 1-S on February 6th at the Union Office.

Under New Business the Board approved the following:

Blood Bank Committee to meet shortly on coverage;

Local 1-S members not to work under any contractual Holidays;

Roosevelt Store Organization Plans;

Trial Committee was set up;

C-T not to be opened by sales-clerks;

Group Insurance plan for 1-S members retirees to be studied by committee;

Opposition to all new sales taxes;

Histradrut Campaign;

Prepare emergency strike planning committee; and after some discussion under Good and Welfare Motion to adjourn at 9:50 P.M.

HEALTH PLAN NOTE

If you plan to take a leave of absence (including maternity and military leave), or if you leave the store and wish to continue the Health Plan, you are covered only until the end of the month in which you leave the store, and have another 30 days (without coverage) in which to arrange for your direct payments. YOU MUST see the Local 1-S Health Consultant at the Union office.

If you, or a member of your family covered by the Health Plan, enters the hospital or has medical care covered by the Health Plan, you MUST call on the Union office for a claim form for your doctor immediately. Forms must be filled out and returned to the Union office as soon as possible.

Protect yourself — protect your family — protect your benefits. Be sure to come to the Union office on time.

LOCAL 1-S ROOSEVELT FIELD SURVEY PUTS COMPANY ON SPOT

Macy Roosevelt employees have been receiving questionnaires in connection with a Local 1-S survey to determine the extent of Macy's transgressions against its unorganized Roosevelt Field staff.

The object of the survey is best expressed in the following, taken from a leaflet which accompanied the two page questionnaire:

"Local 1-S is about to enter negotiations for a new contract to cover the Union stores. Although Roosevelt employees will not participate, the Company will be forced, as usual, to throw its Roosevelt staff a few benefits as a pacifier. The plan proposed here would enable Roosevelt workers to spotlight their grievances in negotiations and compel the Company to grant some real improvements.

"By filling out the accompanying questionnaire Roosevelt workers can furnish valuable statistics on departmental and store-wide irregularities and hasten corrective measures. Since this is a job that will have to be tackled as soon as the Roosevelt store comes under the Union Contract, it is not too early to start working on it now."

In addition to questions on classification, hours and job content, the survey seeks to produce statistics on excessive flexing, improper assignments, unfair distribution of overtime and other Company practices that have been the subject of frequent complaints.

One question asks: "If you are a salesperson, are you required to unload trucks, do stock work, housekeeping, excessive counts or other work in addition to your sales work? Please list these 'extras'."

Another question is "Have you ever been required to clock out and return to work during a continuous tour of duty on an 'iron' day? If so, state when this happened."

Referring to the problem of unfair job reviews, a major gripe at Roosevelt Field, question No. 16 asks "Were you satisfied with your last job review? — If not, what action did you take to appeal? — What was the result of your appeal?" The answers received confirm our worst suspicions. A fair job review at Roosevelt Field is indeed a rarity. As for appealing an unfair review, most Roose-

velt employees have discovered through sad experience that it is a waste of time.

A number of questions deal with problems of "big ticket" sales people whose earnings have been seriously affected by Macy mismanagement at Roosevelt Field.

Questions apply to selling and non-selling personnel, part-timers and "Saturday Onlies" as well as full-time employees and are designed to expose grievances affecting each of these groups.

Questionnaires returned so far, indicate that conditions at Roosevelt Field are nothing less than chaotic. They emphasize the urgent and growing need for organization under the Local 1-S banner. As the covering leaflet stated, "Evidence at hand shows glaring inconsistencies in wage rates at Roosevelt Field between workers performing identical tasks. Individual 'deals' and discriminatory practices are so widespread that seniority has almost ceased to be a factor in promotions. The classification structure at Roosevelt is a tangled jungle. Excessive flexing adds to the confusion."

As the Local 1-S negotiations get under way, more and more Roosevelt employees begin to understand the importance of unity with their 8,000 co-workers in the Macy family. They are beginning to understand why the Company is so anxious to keep the Roosevelt Field store isolated behind an iron curtain of misinformation and intimidation.

As this awareness spreads, Roosevelt workers become increasingly eager to learn the facts and increasingly defiant of the Company's dictatorial taboos against freedom of discussion and inquiry.

As for the Company, Macy management knows that time is running out and that all the trickery and bluff it can muster will not halt the inevitable joining of hands between Roosevelt workers and the 8,000 Local 1-S members at Herald Square, Park Chester, Jamaica, Flatbush, White Plains and Hempstead Order Board.

Well-Written Grievances Stand Best Chance of Satisfactory Answers

From
Machine Accounting,
Staff Number C M T
Date Jan. 29, 1959

Kay Rodin, Jane Carney, R Johnson, Ethel Elliott, U. Ramsey, Miriam Harris, Hilda Howard Lannie Morris.

The names of the above girls in machine accounting were scheduled to work overtime for one or two hours on Wednesday, January 21st. About four o'clock on the same day Miss Heft informed us that the overtime was cancelled for that night. The agreement with management clearly states that "Overtime scheduled in advance may be cancelled by the Employer no later than noon of the day before—such overtime is to be worked." We were given only one hour notice. This was a violation of Section 4.10. We feel that we should be compensated for the overtime loss.

Lannie Morris

Supervisor's Answer

This is a legitimate complaint

since the cancellation of scheduled overtime took place several hours after noon on the day when it was scheduled. Consequently, the people scheduled for overtime will be paid for 1½ hours each.

BE ALERT

When Administrator Frank Milza was notified of a serious problem, where some people were faced with a loss of Christmas day pay due them, he immediately contacted Labor Relations and after a heated discussion with Macy's Management was able to obtain the pay rightly due these people. Be Alert—Use our Grievance Machinery.

STENCH

A recent grievance which bore fruit was written in 102 dept. by steward Sid Goldfarb and processed through the supt.'s office by the 6th floor committee, Nick Russo, Norm Mendelsohn, and Gene Rawdin.

Personnel of the dept. complained for a long time about an

unbearable stench in the stockroom caused by a drainage section leading down inside the walls from the upper floors. Finally, after a grievance was written strongly protesting the lack of response to complaints, the company's engineering dept. was called in. The result was that a blower and system of ducts was installed which has eliminated the condition and now people can work in the stockrooms in 102 dept. without feelings of nausea.

C. E. Boyd

KEEP WATCHING

Once again through the efforts of a diligent shop steward, floor committee and administrator Frank Milza the union was successful in obtaining a greater rate of pay for the senior craftsman cabinet worker job. Because of certain changes in the job content, the Company after meeting with the union offered \$2.00 but the Committee and Administrator went back to Macy's Management and after much discussion won \$6.00 upping the first offer by \$4.00.

Dear Sam:

It was certainly nice of all of you to think of me during my recent hospitalization and to send me home coming gifts. The 15 days in Mt. Sinai were not what could be called pleasant, but it was a great feeling to know that thru the Health Plan I was free of usual worries that plague the patient. It was also a great relief to know that the blood I needed was there at hand. I hope to be back at work before too long and when I am fully recovered hope to be able to replace that blood myself.

Thank you again for everything, Bill Weiss
